Dear Harold,

About one week ago, on cbs-TV, there was a story that J.E.Ray was attempting to get a trial re the MLK assassination. Then, yesterday, Anita heard, on CBS-radio news at 8a.m. the words that, "Ray will be able to call anyone he wants to in the trial". That's all she heard but I watched TV news and listened to radio news and saw and heard NOTHING AT ALL about this! Do you know about this story? Could/would you please let me know in the enclosed self-addressed-stamped-envelope PLEASE anything you might know about this?? Thank you very much and hopefully this letter finds you and your wife OK.

best regards,

Ted

Dear Ted, 4/24/94

I am so very pleased that your just dropped everything to respond to the simple questions I asked you about radio talk shows that might use my response to Posner and his dishonest book. I thank you for this, the only response I've had from you.
